

Sunburst CMH

The Sunburst CMh system combines the reflector and ballast into a single unit that brings the benefits of ceramic metal halide lighting to small spaces in the Sunburst's compact, all-in-one format.

The Sunburst CMh has a built-in digital ballast designed specifically to run the 315W ceramic metal halide lamp, which in this system operates in the horizontal position. The reflector's interior is 95% European hammertone aluminum and offers excellent uniformity and diffusion.

Choose between lamp color temperature options of 3100K (this item, SBCMH31531K) and 4200K (item SBCMH31542K) to meet your specific growing needs.

Ceramic Metal Halide System*

Features

- Compact, all-in-one design
- Philips 3100K CMh lamp included (SBCMH31531K)
Philips 4200K CMh lamp included (SBCMH31542K)
- Runs 315W ceramic metal halide lamp
- 95% European hammertone aluminum reflector interior
- Vented design for maximum heat dissipation
- Dual input voltage 120-240V or 277V attached

Includes

- Sunburst CMh 315W fixture
- Two reflector hanging hooks
- 8' grounded power cord – 120V (5-15P plug), 277V (L7-15P plug)
- Lamp (see product chart for specific lamp)

Options

- 8' grounded power cord – 240V (6-15P plug) (Item code: BACD6)
